ABOUT

Gimpscape ID community, hereinafter referred to as Gimpscape, is a design communityfrom Indonesia that has oriented to the use of Free/ Open Source Software (FOSS).Members of the Gimpscape community come from various regions and islands inIndonesia and several other countries who gather in the Telegram @gimpscape chat room.

GOALS

The main slogan of Gimpscape is, "Learn, Share, and Inspire". These three things are theTgoals of why Gimpscape exists and will continue to exist until later. The following are the goals of the Gimpscape community based on this slogan:

- Educate members and the general public about the concept of openness offered by FOSS.
- Train members to have competent abilities, especially in terms of design with FOSS.
- Providing learning resources for members in particular, and everyone in general, by making tutorials (in written and video form) and conducting various kinds oftraining related to the use of FOSS.
- Provide basic knowledge of various concepts in the current digital era using openlicenses.
- Educate members about the importance of understanding copyright and openlicenses for digital art.
- Provides resources for graphic design purposes that can be used freely andresponsibly.
- Encourage members to continue to actively work and be an inspiration for peopleEaround them. We also encourage them to dare to work professionally andcommercially by using FOSS.
